

Zeiss Revolutionises OCT. Again.

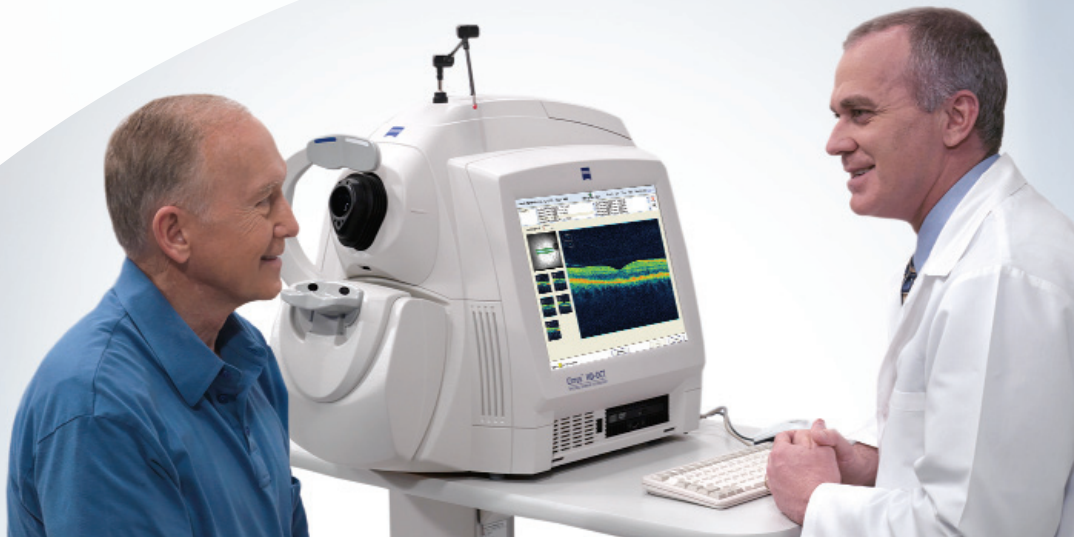

Introducing Cirrus HD - OCT

The Cirrus HD-OCT sets the benchmark for spectral domain OCT technology featuring unsurpassed high definition (HD) of retinal sub-structures and mature algorithms drawing on over 10 years of extensive experience with OCT technology. To celebrate its arrival, in conjunction with Experien Medical Finance, we are offering a special finance plan to all our customers.

RANZCO Special Offer: No Payment for 12 Months*

* **Terms & Conditions:** Offer only available when financed through Experien Medical Finance. Finance options provided should be treated as indicative and subject to standard credit approval, terms and conditions. 12 months no repayment period to start upon settlement of contract. Valid until 30/11/2007. Offer only available to recipients of this letter.
